BASSANO, ALBERTA, THURSDAY, AUGUST 28, 1919

No. 51

A Few Words to the Wise!

Dried Fruits are high and difficult to obtain, yet we can supply you with the following:

Peaches, peeled, much more economical than the others, in 5 lb. boxes 1.75
White Figs in 5 lb. boxes 1.75
Black Figs in 5 lb. boxes 1.50
Raisins, seeded, in 25 lb. boxes 4.00

This is good buying.

Raisins, seeded, per packet 15c. 5 for 70c.
Prunes: Can give you the following sizes: 60-70, 80-90 and 40-50, at the lowest possible figure.

Sugar: Can give you all the brown you want. Pure Cane.

Puffed Rice per packet 20c.

Baking Powder per tin 25c.

Pickling Spice, whole cloves, Chili all in stock.

Clark's Catup quart size only 35c.

Libby's Apple Butter.

The cost of living is admittedly high but you can reduce it considerably by taking advantage of the many bargains which are always to be obtained at our store. You can also save money by using the splendid economic foods which, while costing a little more than inferior grades have twice the value in substance and quality.

Our Grocery Bulletin

We stock the famous Stetson Hat, which has absolutely no equal anywhere for style and quality. It is the last word in intelligent economy for a Stetson never grows old or old fashioned.

Getting a little chilly. Then see our new fall endeavor, especially our line of Jaeger wear. It is the real thing and this is the only place you can buy it for we are sole agents.

harvesters' Blankets. Clothing for Everyone.

Coffee: Try our 50c. per lb. in bean or ground.

Tea: A good line put up in 2 1-2 lb. wooden box, India-Ceylon flavor per box 1.65
Our Own Blend 60c. per lb. 5 lbs. for 2.75

Canned Blueberries, per tin 25c.

Pickles in bulk: Heinz's 25c. pint
Gherkins 25c. doz.

Creamettes 15c. packet

Oat Flour 5c. per lb.

This is a snap.

Corn Flour 3c. per lb.
Another snap.

Palm Olive Soap has advanced but we still have some left at the old prices
3 for 29c. 6 for 58c. 12 for \$1.16

Jam in 30 lb. Buckets is good buying.

Beans: Just bought a couple of tons of the real thing. Have a look at them. Can give you a good price on these.

YOU WILL FIND THEM ALL AT MCKEE'S STORES

Where You Get Quality, Value And Service.

Musical Society Will Be Formed In Bassano.

There is a well-defined and clearly expressed wish on the part of many of our citizens for the formation of a musical society in the town to embrace all classes of music and to endeavor to gain members from the country as well as the town.

Very few districts have such a wealth of musical and dramatic talent as has our own and it is hoped that by organization we may develop it to a high degree for both educational and entertainment purposes.

Arrangements could also and most certainly should be made to encourage and develop a string orchestra for there are a number of promising performers in town who would welcome such an opportunity for exercising their talents.

Mr. Carnegie has expressed his willingness to take up the conductorship of either or both organizations and we would like to point out here that in him we should have an experienced and exceptionally capable leader for he has proved himself a musician of more than average ability and could bring the experience of several life organizations to the one suggested for Bassano to aid him and us in the work of training new talent for choral or orchestral work.

By the kind permission of the Presbyterian Church a meeting will be held there on Thursday, next September 3rd, to take steps towards organizing for the coming season and we would urge every person who is interested in either choral or orchestral and also in dramatic work, for it is more

Rev. A. C. Swainson Will Leave Bassano.

The Rev. A. C. Swainson will preach his farewell sermon on Sunday next as he leaves for New Zealand next week to accept a charge under the Bishop of Dunedin.

Mr. Swainson's ministry at Bassano has been marked by consistency and earnestness and has resulted in a steady growth of interest among the members of the congregation in the work of the church.

During his three years residence here Mr. Swainson has had to contend with the most adverse circumstances but yet has increased the church membership and almost entirely cleared the church of debt.

Naturally his congregation greatly regret his departure for his work among them has been very highly appreciated.

He carries with him to his new ministry the best wishes not only of his congregation but of the many friends he has made among the members of other communions.

The next meeting of the Hospital Board will be held at the Town Hall Bassano on Saturday September 6th at 7.30 p.m. All the meetings of the Board are public.

than possible that a real good musical comedy may be arranged if sufficient interest is taken.

Let us have an organization of which we shall have every reason to be proud. It can do much to break the monotony of existence during the winter and as a community builder it has no equal.

Remember the date and don't forget to bring anyone whom you can interest.

WHAT IS A CINCH?

It's a cinch that you will get more ducks, more enjoyment but less expense if you buy your gun, your ammunition, waders, and in fact, your complete shooting outfit at our store than you will if you buy inferior goods.

We have the best Sporting Goods in the world and can supply you with anything from a pop-gun to a big game rifle.

Season opens September 1st

A number of petitions have been sent in to Edmonton lately asking for large appropriations for road work.

Many of these were inspired by the necessity of providing work for farmers who have been droughted and their claim is in every respect a just one.

But in this constituency the roads themselves are sending up a constant petition to be repaired or given a reason for their existence.

In dry weather they are a constant source of danger by the deep ruts and holes which abound everywhere and in wet weather they are positive snares to the motorist by reason of their poor condition which allows the water to stay on the surface and gradually form a mud hole which not even a tank could pull through.

These conditions have long been deplorable but during the war were put up with an account of the alleged shortage of labor.

A continuance of the same conditions to-day is positively outrageous and it is time something was started to let the government know that the Bow Valley constituency still has a kick left in it.

This might well be taken up by the different U.F.A. organizations throughout the district for the matter more vitally affects the farmer than the townspeople, and it will be interesting to note whether the government at Edmonton will read the writing on the wall or whether it will still ignore our just claims.

CONGRATULATIONS.

Doctor W. G. Neilson left last week for Minneapolis where he took the novitiate degree in the Society of Benedictines yesterday. His bride (formerly Miss Pierson) is well known in Bassano having visited her uncle and aunt, Mr. and Mrs. H. Patton, frequently, and will be welcomed by a large circle of friends upon her return, as also will "Doc."

Minutes of Council Meeting held at Council Chambers Wednesday August 6th, at 2 o'clock p.m.

Attendance: Reeve Stewart, Deputy Reeve, Coun. Smith, Gilson, Brander and Coulter.

Moved by Coun. Kemp that we confirm the change in date of meeting from August 6th. Carried.

Moved by Coun. Coulter that the lumber account amounting to \$107.85 be paid out of the Municipal fund for the completion of those two bridges to 28-18.

Lost, voting for, Coun. Coulter, voting against Reeve, Coun. Kemp, Gilson and Brander.

Moved by Coun. Gilson that the Secretary post notices to the effect that all farmers wishing winter rye to have their orders in by August 12th. Carried.

Application of Coun. Gilson to fence across road allowance between Sec. 32 and 33 22-14 granted.

Moved by the Reeve that the Secretary notify all Justices of the Peace in this district to try all cases of breach of Municipal by-laws. Carried.

Moved by Coun. Brander that Walter Bradshaw be appointed Municipal constable until first meeting of Council in 1920. He to receive fee in connection with cases only. Carried.

Moved by Coun. Gilson that J. J. Kemp be appointed Deputy Reeve for the balance of the year. Carried.

Moved by the Reeve that the following work and road work accounts be paid: No. 12, \$16.10; No. 13, \$88.00; No. 14, \$2.25; No. 15, \$2.00; No. 16, \$2.50; No. 17, (wrecks) \$10.60; No. 18, (wrecks) \$94.50; Western Alm. Reeve account \$21.00; Land Titles Office charges \$1.05. Carried.

Moved by Coun. Gilson that we appoint two delegates to go to Edmonton to interview the Premier, so that if the Government will start a programme of road work in this district by way of relief to farmers. The Municipality to pay expense of delegates. Carried.

Moved by Coun. Gilson that the Reeve and Deputy Reeve Kemp be appointed delegates to interview Government. Carried.

Moved by Coun. Kemp that the next regular meeting of Council be held the second Saturday in September at 2 o'clock p.m. (September 15th). Carried.

Passing the Buck.

The recent visit of Hon. Arthur Meighen, Hon. J. A. Calder and Hon. Dr. Talmie affords a splendid lesson to the west in the gentle art of passing the buck.

It has been proved to our distinguished visitors that under an extensive irrigation system Southern Alberta could easily become the most productive of all the provinces, and that without it, no matter how intelligently the land may be farmed, the periods of drought are too frequent and severe to make farming little better than a speculation in the majority of dry districts.

This knowledge has long been in the possession of our provincial legislators but they have excused themselves from undertaking the admittedly huge projects on the grounds that it was a matter for the Federal government to deal with.

But now Mr. Meighen comes along and blandly informs us that there is no doubt as to the value of irrigation and that it is a wonderful thing—and all that—but it is distinctly a matter for the provincial government to deal with. All this is very entertaining and the game becomes quite exciting at times, but where does the farmer get off at?

If, as both parties to the argument state, and as we in this district know from experience, irrigation is such a boon, why all this procrastination? The particular line of buck which is being passed round now is neither edifying or comforting to the man who has watched his crops burning up for two or three years in succession.

What would be the judgement of the world upon parents who let their child die while they were arguing which one should administer the tonic which would save its life?

If it is possible to irrigate the greater portion of Southern Alberta and it is generally admitted that it is possible—the undertaking should be a joint obligation upon the Federal and Provincial governments, or left to the enterprise of some great engineering firm who could duplicate the great work of the Canadian Pacific Railway upon its own property.

It would be infinitely better for the governments to take up the matter for it is distinctly their obligation, but if they have not the backbone to do the obviously right thing for the country then they should make the way clear for private capital to reap a rich harvest from the undertaking.

It is regrettable—nay pitiable—that our representatives have so little foresight and so little regard for the best interests of the country that they can indulge in Nornie bickering while the country which should and would be prosperous is burning up before their eyes.

It is scarcely to be wondered at that the farmers are rapidly becoming tired of such politics and politicians and that they are determined to enter the field themselves.

Notice to Creditors and Claimants

IN THE ESTATE OF LEONARD GODFREY ROPE, formerly of Favor in the Province of Alberta, Farmer, but now a private in the 51st Battalion, Canadian Expeditionary Force.

NOTICE is hereby given that all persons having claims upon the estate of the above named Leonard Godfrey Rope, who died on the 7th day of April, 1918 are required to file with the undersigned by the 1st day of October, 1919, a full statement, duly verified, of their claims and of any securities held by them, and that after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so made as to what have been brought to his knowledge.

Dated this 15th day of August 1919.
BURNS, MAJOR & McLEAN,
Solicitors for Administrator,
15 Alexander Street,
Calgary, Alberta.

Buy an Irrigated Farm

From the Canadian Pacific Railway.

Irrigation makes the farmer independent of rainfall, and insures good crops, not only occasionally, but EVERY YEAR.

Irrigation makes possible the successful culture of alfalfa, the king of alfalfa, which insures good returns in dryling and mixed farming.

Irrigation means intensive farming and development, with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year that it has been tried having absolutely demonstrated its success wherever intensively applied.

This is the most liberal offer of irrigated farm land on record.

For full particulars, apply to

Allan Cameron, General Supt. of Lands

Canadian Pacific Railway, Department of Natural Resources

920 First Street East, Calgary, Alberta.

The World Moves On

Printers thought the typesetting machine was not practical—

The horse breeder said the automobile would never be in general use—

The wire manufacturer said "wireless" was a dream—

Even congressmen said "heavier-than-air" flying machines were impossible—

The last to be disturbed by the wheels of progress is the single-record phonograph manufacturer, who says the playing of all records on one machine cannot be done.

"Cannot Be Done"

is now in the scrap heap, for—

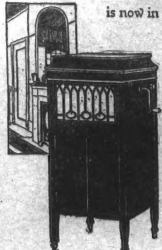

The Brunswick does it!

It attracts the eye. It pleases the ear.

It plays all records at their best.

It is All Phonographs in One

Meeting of Hospital Board.

The regular meeting of the Board was
held on this date at 7.30 o'clock p.m.
Present: A. J. Scott, chairman; E. F. Fryberger,
vice chairman; R. P. Robinson.

The minutes of meeting of July 21st,
1918 were read and confirmed.

Communications

From F. B. Allen, Acting Provincial
Architect, acknowledging receipt of
specifications and giving approval to
general scheme of plan. Ordered filed.

Wire from A. K. Whistler, Secretary
Municipal Hospital Board, advising
that Acting Provincial Architect ap-
proves of plan if changes are made in
accordance with his recommendations
and giving authority to open tenders and
to immediately recommend the same of
the successful tenderer to the Depart-
ment.

From James E. Hilly, Secretary
of Public Utility Commission, Ed-
monton. Enclosing order No. 1018
granting permission to the District to
borrow \$15,000 by way of debentures and
enclosing official receipt for fee.
Ordered filed.

From W. Ross Alger & Co. re in-
suing of debentures and intimating that
the delivery of debentures would be
made with the least possible delay.
Ordered filed.

From J. B. Prentice, Bassano; O.
Salisbury and E. Ross, Bassano; H.
Holmes, Bassano; W. McBruggie,
Construction Co., Calgary, tenders on
alterations and extensions to hospital.

A. G. Ross, O. Salisbury, F. Brennan
and others were heard in connection
with the procedure for the receiving and
opening of tenders.

Reports of Officers and Committees

The Chairman introduced the report of
the committee appointed under resolution
No. 65 of last regular meeting re the in-
ventory of chattels and other property
owned by Dr. A. G. Scott now in the
Municipal Hospital, and it was moved
by E. F. Robinson, seconded by E. F.
Maurer.

That the report of the committee under
resolution No. 66 of regular meeting
of July 21st, 1919, be adopted with
the amendment that the District pay for
the articles placed in said inventory as
subalternance amounting to the sum of
\$280.00. Carried.

On motion the report of the Superin-
tendent and the Secretary Tenders on
subalternance under resolution No. 66 of
last regular meeting was received and
ordered filed.

The Superintendent submitted a report
requesting an additional grant of nurse
stations.

Moved by A. L. Fryberger, seconded
by Clifford Clarke, that in view of the
plans as recommended by the report of
the Acting Provincial Architect be
adopted in full. Carried.

Moved by A. L. Fryberger, seconded
by Clifford Clarke, that whereas in view
of the recommendations of the Acting
Provincial Architect it is necessary to de-
cide as to whether or not tenders called
for be now opened, therefore, be it re-
solved that the tenders be now opened
and that arrangements be made with the
successful tenderer for the extra work in
terms of the contract attached to the
specifications. Carried.

Moved by R. P. Robinson, seconded
by Clifford Clarke, that subject to the
approval of the Minister the tender of J.
B. Prentice for the sum of \$14,500 be ac-
cepted.

and that the work be proceeded
with in terms of the specifications form-
ing part of the contract.

Moved by A. J. Fryberger, seconded
by Clifford Clarke, that steps be taken to
secure an additional graduate nurse
under the provisions of resolution No. 36
of meeting of July 21st at a salary not
exceeding \$100.00 per month with board
and lodging. Carried.

Moved by A. J. Fryberger, seconded
by E. F. Maurer, that the Secretary-
Treasurer be instructed to request a re-
funding from the Minister of Health as to
the receiving at the Hospital of patients
suffering from infectious diseases.
Carried.

The Chairman named a committee as
follows to bring in a report in terms of
Section 42, sub-section 4 of the
Municipal Hospitals Act 1919: A. L.
Fryberger, Secretary-Treasurer, Chair-
man.

On motion it was resolved that a meet-
ing of the Board be held on the 10th of
August, Bassano on Saturday, Sep-
tember 6th at 7.30 o'clock p.m.

On motion the Board adjourned at
10.18 o'clock p.m.

The report of the Committee under
resolution No. 65 of last regular meeting
as read and as amended by the Board is
as follows:

"The committee appointed under re-
solution No. 65 of meeting of the Board
of the 21st of July 1919 begs to report
that they have checked and examined
the inventory of chattels and other
property owned by Dr. Scott and now at
the Municipal Hospital, and begs to re-
commend as follows:

"That although the valuation placed
by Dr. Scott on the several articles in
the operating room seems just and fair,
nothing can be done in connection there-
with until definite arrangements have
been made with the Department as to
the acquiring of the necessary equipment
for the operating room from the supplies
obtainable from the Red Cross.

"(2) That payment be made to Dr.
Scott for the other articles as per the
inventory submitted with the suggestion
that no payment be made for the items
under miscellaneous, amounting to
\$280.00. In this connection it would
appear to your committee that any claim
which Dr. Scott may have for the erec-
tion of the partition in the private room
in the East Wing, for the material and
installation of glass, for storm windows
and other fittings or for the painting,
varnishing and kalsomining of the entire
interior should not be met by this Board
which has purchased the hospital as it was
at the date of purchase but by the Town
of Bassano who were the owners when
the hospital was done, and the vendors at
the date of sale."

Don't forget the big dance at Bassano
on Labor Day, September 1st. A big
time assured for everyone; a fine dance
orchestra from Calgary of three pieces.
Tickets, \$1.50, ladies free.

Examination Results.

The following passed the Grade VIII
examination, Besse Bomer, Joey Gray
and Vinton Haynes.

The following are the percentages on
the final exams for Grade IX. Those
who secured over 50% are entitled to
enter Grade X; those who failed to
secure 50% will be instructed further
when school opens.

Margie Volkner, 69; Betty Ross, 62.7;
Mary Ross, 56.6; Vera Harmon, 52.7;
Kathryn Harvey, 47.9; Leslie Myles, 47;
Alice Hagey, 44.8; Nora King, 44.

Electric Starting and Lighting

No car has a better starting and lighting system than that now available to purchasers of Ford Cars. It is a Ford product, built into the motor—

- a positive starter as reliable as the motor itself;
- a powerful lighting system, uniform under all engine speeds;
- On the open models—Touring Cars and Runabouts—it is OPTIONAL EQUIPMENT.
- On closed cars—Sedans and Coupes—it is STANDARD EQUIPMENT.

On all models the Ford Standard Magneto also provides ignition independent of the batteries. See the Ford car with this new equipment.

Ford Runabout Sedan, Touring Runabout, under all engine speeds. Models in four open. Coupe 1919, Sedan 1919, closed model prices for model shown in Ford literature. These prices are F.O.B. Ford Co., and do not include the War Tax.

Local Dealer, Roy Smith, Ford Garage

Opening of the Claresholm Provincial School of Agriculture.

Classes in Practical Agriculture and Household Science will commence on **OCTOBER 29th, 1919.**

THE COURSE IS FREE.

Students must be sixteen years of age before being admitted.

Excellent accommodation can be had at reasonable rates with respectable families in the town. For calendars and further particulars apply to Mr. A. R. Myer, Superintendent of Agricultural Schools, Edmonton, or

W. J. STEPHEN, Principal,
School of Agriculture, Claresholm.

Harvesters Needs

OVERALLS - GLOVES SOX, WORK SHOES, &c.

There is no need to pay the fancy prices asked by other stores. We can outfit you complete and save you big money.

EXTRA SPECIAL

We have just received a delayed stock of **Classy White Silkoline Sox**

These goods were ordered a long while ago and the price has advanced so rapidly since that we are able to sell below the present wholesale price. **OUR PRICE**

Six Pairs for \$3.25

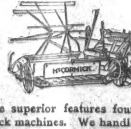

Everything in Men's Wear at Prices within reach of everyone

THIS LINE

of farm machines has given universal satisfaction, and is known the world over. If you are not already a user of McCormick machines, call at your earliest convenience and get a catalogue which explains the superior features found in the construction of McCormick machines. We handle this line because we know it is the best. If you are not already a McCormick user, try a McCormick binder or a McCormick mower, and prove the superiority of McCormick machines. Drop in. Let us talk the matter over. Let us explain why it is to your advantage to use this line of machines that is known the world over for its durability and light running qualities.

ROY SMITH, Dealer, Bassano

Solving British Labor Problems

London. — With the feature of direct action by the triple alliance in halting a strike removed, and the prospect of a speedy resumption of the work in the Yorkshire coalfields, the labor situation is distinctly improved. According to George Minahan, the Labor representative in the House of Commons, the labor situation gradually is becoming more normal and the nation is to be congratulated in having got thus far along the troublesome road. Unemployment, Mr. Barnes added, was down to half the figure of last May, and the workers generally were showing a desire to avoid extreme and illegal measures to obtain their desires. Premier Lloyd George is said to be particularly pleased with the way things are going, and his promised statement to parliament, defining the government's trade policy, is being awaited with great interest.

Taking Some Action In U.S.

Greocer Fined \$500 For Selling Sugar At 15 Cents Per Pound.

Washington. — Important new developments in the government's fight to reduce the high cost of sugar have been made public.

One of the most interesting was the announcement by Attorney-General Palmer that the first federal conviction for profiteering had been obtained. District Attorney Leland, telegraphed from Binghamton, N.Y., that a retail grocer had been fined \$500 for selling sugar at 15 cents a pound. No details were given as to the law under which the case was brought, but no known here.

"A lot of good cases of profiteering in the sugar situation will be brought," Mr. Palmer remarked. In order to bring to book persons guilty of raising prices exorbitantly or hoarding food to advance prices, Mr. Palmer submitted to the agricultural committee of congress the draft of an amendment to the Food Control act, extending its provisions to clothing and containers of foods and feeds, and providing a penalty of \$5,000 fine or two years' imprisonment, or both for violation of the law.

Use Secret Service.

Washington. — President Wilson has asked congress for authority to use the secret service in running down profiteers and food hoarders.

Farmers Give Opinion Before Wheat Board

Winnipeg. — The Canadian wheat board says it hopes to be in a position to make public its regulations for the handling of the 1919 wheat crop some time this week.

"In the meantime," the board says in its statement, "in order to obviate undue hardship to the producer, the Canadian wheat board suggests that, temporarily, farmers should deliver their wheat to the elevators and obtain storage tickets therefor. The elevator companies will attempt to make as good a job as possible, but undoubtedly make satisfactory advances against these storage tickets. When later the regulations and methods in connection with the pooling system are known, the farmers can convert the storage tickets issued by the elevator companies into cash tickets and secure the initial payment."

"What might be construed as a veiled threat on the part of the farmers to go on strike if the government force the initial price for wheat to be less than the \$2.26 guaranteed by the United States to its producers, was made by J. K. McLennan, representing the United Farmers of Ontario, at the open session of the Canadian Wheat board in the Winnipeg grain exchange.

"We are facing a short crop," he said. "If the \$1.75 initial price rules, we may find the crop regains still shorter. Strikers are popular, and the farmers might be inclined to catch on. The farmers are cross already."

The board room was packed to the doors with the representatives of various interests, including millers, bakers, consumers, farmers, grain growers and board officials. James Stewart, chairman of the board, presided. The meeting was called for the purpose of ascertaining the will of those interested in the handling

Allied Success In North Russia

Good News of Contact With the Bolshevik on Russian Front.

London. — Six Bolshevik battalions were destroyed in a successful Russian attack on the Dvina river on August 10, the war office has announced. More than 1,000 prisoners, 12 field guns and many machine guns were captured. The Dvina Russian front on the Dvina was pushed forward 12 miles. The official statement reads:

"In North Russia, Anglo-Russian troops, on August 10, attacked the Bolshevik forces on the Dvina with great success. All the objectives were gained. Six enemy battalions were destroyed, the troops being either killed, captured or dispersed. More than 1,000 prisoners, 12 field guns and many machine guns were captured. Our line on the Dvina was advanced 12 miles to Tadmow and Borok."

Curb Profiteering In Britain

Amendment Passed British House Empowering the Board of Trade To Fix Prices.

London. — The house of commons, after heated debate, adopted an amendment to the profiteering bill, empowering the board of trade to investigate, to fix wholesale and retail prices. The vote was 132 to 95.

The amendment was denounced among others, by Lord Robert Cecil, former minister of war trade, who expressed an amendment suggesting that the government should accept an amendment destroying the whole basis of the bill and revolutionizing the trade of the country. Sir Donald Macdonald, a liberal member, also denounced the amendment, characterizing it as "rank socialism of the most muddled kind."

In the course of the discussion on the bill, Sir Auckland Geddes, minister for munitions, and chief of construction, indicated that the bill would empower the board of trade to fix prices in a case where the community was likely to be led by any combination, national or international, for the purpose of increasing prices. An amendment suggesting to include profiteering in general within the scope of the bill was rejected.

Ferdinand's Millions

Seizure of Securities Will Not Altogether Ruin the Ex-Monarch.

Geneva. — The seizure in England of securities belonging to the late King Ferdinand of Bulgaria, valued at \$2,000,000, will not altogether ruin the ex-monarch, according to reliable information obtained here.

It is said that Ferdinand took the step of placing his fortune abroad in neutral countries, Swiss banks, for instance, are said to hold stocks and bonds belonging to Ferdinand, valued at nearly a million pounds sterling.

Large sums were also placed in securities in the United States, and now a fight with his family.

To Prosecute Bela Kun

Copenhagen. — The Hungarian public prosecutor has issued an announcement that proceedings will be begun against all individuals charged with crimes during the Bela Kun dictatorship, and that steps have already been taken for their arrest and extradition, according to advice from Budapest.

Another announcement says that it is intended to prosecute Bela Kun and his associates for murder, robbery and forgery.

To Combat High Cost of Living

Winnipeg. — Concerted action by all military and labor organizations in a fight for the reduction of the high cost of living was suggested in a letter from the Order of Railway Conductors, division 60, considered at a meeting of the Army and Navy Veterans' association called here last night. The suggestion was unanimously adopted, and a committee was appointed to co-operate.

Prime's Visit to U.S. Is Uncertain. Ottawa. — Nothing is known as yet at the capital as to when the Prince of Wales is likely to visit the United States or the duration of his stay in that country. No decision will be reached in regard to the matter until later, but it is certain that the prince cannot leave Canada until the conclusion of his Canadian tour.

Rome. — The Italian troops attached to the allied expeditionary force in Russia have been ordered to leave on August 9. The Italian military commission accompanied the troops.

British Ambassador To U.S.

Viscount Grey Has Accepted the New Post Temporarily.

London. — Viscount Grey, former British secretary of state for foreign affairs, has agreed to represent the British government at Washington, pending the appointment of a permanent ambassador.

Viscount Grey of Fallodon (Sir Edward Grey) came to the United States to represent the British government after a brilliant career as head of the British foreign office for eleven years, prominent in the political affairs of Europe, he was secretary of state for foreign affairs, from December 11, 1915, to December 11, 1916. Owing to several occasions during that period, it was the initiative of Sir Edward Grey that caused the gathering clouds of war to disappear. It was he who made the last effort to prevent the great European war when he urged the ambassador of the leading powers to meet and discuss the situation in an attempt to put off hostilities. His effort failed, however, the war broke out, and the German government and the German emperor.

Gladsstone, under whom Sir Edward began his younger days, described him thus:

"I never knew in a man such application to practical life and such discrimination for fact."

Since his retirement from the foreign office, Viscount Grey has been living in retirement in Normandy, and the new ambassador's eyes began to trouble him in 1918 and at one time it was reported he was totally blind. This report was exaggerated, but the viscount has difficulty in reading, although his eye trouble has improved somewhat.

General Currie Is Defended

Official Says Criticism for Canadian Losses at Passchendaele Not Warranted.

Kington, Ont. — Speaking at the banquet tendered to the visiting delegates to the convention of Union of Canadian Manufacturers, General Sir Archibald Macdonald, the new commander of the Royal Military College, defended General Sir Arthur Currie, who had been criticized for his part in the losses suffered by the Canadians at Passchendaele.

General Macdonald, "the man who won the battle of Vimy," said he was proud when Sir Douglas Haig told General Currie to take Passchendaele, and the Canadians took it, after the Australians, New Zealanders and British had failed.

Referring to the Canadian casualties, the speaker said, according to figures recently published, the Canadians suffered the lowest percentage of losses and made the highest percentage of gains.

Another speaker was Mayor Harry Leithbridge, who declared for a middle course in the liquor question, neither too wet nor too dry.

Must Leave Dominion

Schoppert Ordered Departed by the Immigration Board on Inquiry.

Winnipeg. — Oscar Schoppert, branded as an undesirable alien, and ordered deported by the immigration board of inquiry, must leave Canada. The Manitoba court of appeal refused to grant an application made by counsel in Schoppert's behalf that the deportation order be annulled and all proceedings quashed.

The high court in its written judgment found that the order for Schoppert's deportation was based on two grounds: first, that he had come into the country by misrepresentation; and secondly, that he had refused to answer certain questions put by the officials. The court found that under section 23 of the immigration act they had no jurisdiction to interfere.

Six Months On Ice Floor

Edmonton. — Six months adrift on the ice in the Arctic sea, and then from all civilization by miles of deep water, such was the experience of Storck T. Storckerson, who arrived in the city last night from the northern wastes. Observations of great scientific value were made while the party was on the ice, but these will not be fully discussed until Storckerson meets his chief, Stefansson in Banff next Saturday and prepares his full report.

Conference of Brewers

Albany, N.Y. — Believing that a revocation of license against prohibition can be concentrated for the repeal of the liquor statutes, the brewers of the nation have called a conference here for September 28. The meeting will continue a week.

Harvesters Coming From The East

Henry Ford Won Verdict

It Awarded Six Cents Damages Against Chicago Tribune.

Chicago. — Michigan Judge awarded Henry Ford six cents damages against the Chicago Tribune for calling him an anarchist.

Ford's attorneys, the firm of Ford, Hulet & Hulet, attorneys of the firm, said that they took "false beliefs that I can remember, the first one, according to Leonard Mead, another jury, standing 8 to 4, in favor of awarding Mr. Ford some damages."

"Does the award of six cents above express the feelings of the jury as to the case?" a reporter asked Mr. Hulet.

"It just about does. That expresses our opinion," Mr. Hulet said.

Attorney Alfred J. Murphy, for Mr. Ford, said: "The important issue in the case has been determined favorably to the plaintiff. He has been vindicated."

"Money damages were entirely subordinate to the question of vindication," Mr. Ford. He stands not only vindicated but his attitude as an American citizen has been justified after a trial which was every inch a masterpiece of ingenuity and research could present. His friends are entirely satisfied."

Raymond Kirkland, one of the counsel for the Tribune, said: "We consider it a victory for the reason that Attorney Alfred Luching, in suing for Mr. Ford, stated that anything less than substantial damages would be a defeat for his client."

Funeral Of Late Andrew Carnegie

Service Was As Simple As Were the Tastes and Habits of the Man In Life.

Lenox, Mass. — The funeral of Andrew Carnegie was held at St. Andrew's church, his summer home in the Berkshires. There was no eulogy and there were no pall bearers. The service was a simple one, as were the tastes and habits of the man in life. Fully one half of the sixty persons present were members of the household. The others were intimates of the family.

The ritual of the Presbyterian church was used by the officiating clergyman, Dr. W. M. Pierson, minister of the Brick Presbyterian church, Fifth avenue, New York.

A minister quartet from this church sang the three hymns which have been favorites of the philanthropist and former iron master.

Interment was made in a lot chosen by Mr. Carnegie some years ago at Sleepy Hollow, near Tarrytown, N.Y.

"Bavarian Free State"

Copenhagen. — A despatch from Bamberg, under date of Tuesday, says that the Bavarian diet has adopted a constitution for the "Bavarian free state." There were three dissenting votes. A socialist amendment to the constitution abolishing all titles of nobility, was rejected.

"Poverty is no disgrace, but it's a mighty good excuse for heading of a borrower."

Hungary Seeks Loan

Berlin. — A group of Hungarian bankers will attempt to negotiate a loan for the new government at Budapest, according to dispatches received here, the government having been unable to borrow the 1,500,000 crowns sought from Austro-Hungarian banks.

Board To Deal With High Cost of Living

Ottawa. — The Canadian board of commerce has been officially constituted by Judge H. A. Robson, Winnipeg, as chairman, and W. F. O'Connor, K.C., former chief of the law commission, as second member. The two gentlemen have had a conference with the government and have already started work. Judge Robson has arrived in Ottawa and shortly afterward met members of the government. The third member of the board, it is expected, will be within a couple of days.

"The board will act under the Committees and Fair Prices act and is given power to institute investigations on its own motion or at the request of ministers or other responsible persons bringing matters to the notice of the board."

When seen by the Canadian Press, limited, Judge Robson was emphatic in his statement that there would be no bias and no partiality attached to the working of the board. "This is to be a people's court," he declared, "and to be so must be easy to approach. Any bona fide citizen may

Winnipeg. — Rush of men from the east for the harvest fields of the west has started in earnest. Eighteen thousand have been asked for by farmers and 7,000 of them had reached the city, which is the chief distributing center for over 6,000 train cars by the Canadian Pacific railway. The remainder came on the Canadian National, reaching the Union depot Thursday evening, and 3,000 were expected at the Union depot Friday, while the Canadian Pacific is also running several trains.

Special arrangements had been made by the railway companies for the speedy dispatch of the excursionists to their various destinations. Two long trains, heavily loaded with the harvest help, were sent west during the day, one in the morning and the other toward midnight, while a number of men left the city on local trains for points in Manitoba.

Officials of the Manitoba and Saskatchewan governments, detailed for the work of placing in positions the harvesters, had an extremely busy time of it, for they booked 2,400 men, one-half of the number being for farms in Manitoba, and the other half for the harvest fields of Saskatchewan.

In the case of Manitoba the wages were announced as \$4.30 a day for straight work and \$5 for threshing, while one-half of the Saskatchewan wheat a striking \$3 was offered.

Problems Of Two Countries

Pertinent Question Asked In British House of Commons Regarding U. S. Affairs.

London. — In the house of commons, the Hon. Walter E. Guinness, member for Suffolk, asked Andrew Bonar Law, the government leader, to give the day's discussion over to the present position of the black races, but his request was refused. The questioner responded by asking whether it would not be a graceful act of reciprocity to place at the disposal of the United States the benefit of the simple as were the tastes and habits of the man in life. Fully one half of the sixty persons present were members of the household. The others were intimates of the family.

Captain William Wedgwood Benn, Liberal member for Leith, asked Mr. Bonar Law to do his best to prevent efforts to sow dissension between Great Britain and America by alleged humorous questions.

On a Little Visit

Berlin. — With the permission of the Dutch government, the former German emperor will be just spent several days with his wife and children at Soden, Prussia, and accompanied them part of the local Prussian, according to the Lokal Anzeiger. The newspaper adds that Frederick William has now returned to Holland.

Board To Deal With High Cost of Living

Ottawa. — The Canadian board of commerce has been officially constituted by Judge H. A. Robson, Winnipeg, as chairman, and W. F. O'Connor, K.C., former chief of the law commission, as second member. Sylvester: How did you make Miss Brown think you were the finest fellow in the world?
Chollie: I sent her nineteen beautiful roses on her twenty-seventh birthday.

HER LITTLE GIRL
HAD DYSENTERY
Bowels Moved as Many as 25 Times a Day.
Dysentery manifests itself with varying degrees of intensity, but in well marked cases the attack is commonly preceded by some amount of diarrhoea, which gradually increases in severity, and is accompanied with gripping pains in the abdomen. The discharges from the bowels successively each other with great frequency, and the matter passed from the bowels, which at first resemble those of ordinary diarrhoea soon change their character, becoming scanty, mucous or slimy, and subsequently mixed with, or consisting wholly of blood. Never neglect what at first appears to be a slight attack of diarrhoea or dysentery may set in.

Cure the first symptoms by the use of Dr. J. C. Fowler's Extract of Wild Strawberry.
Mrs. J. W. Tutton, R. R. No. 3, Waterloo, Ont., writes: "My little girl had dysentery, and I could find no help for her until I got a bottle of Dr. J. C. Fowler's Extract of Wild Strawberry. She had only two years old, and ate something different to what she was used to. She had as many as twenty-five movements a day, and mostly blood. We had the doctor several times, but no relief came until we used Dr. Fowler's. I would not be without it in the house for a good bit."

About Beans
Home-Cooked Baked Beans Are Delicious
but how seldom the beans are cooked right. Sometimes hard, sometimes mushy, sometimes too wet—perhaps done to a crisp.
And the hours of cooking they require and consequent waste of expensive fuel.
Next time you cook beans, try Clark's.
They are always ready—just heat and serve, and notes cooked to perfection.
Every bean of uniform size—every bean whole—yet every one is soft.
They are sold with three kinds of sauce: Tomato, Chiff, Plain—buy the kind you like best.
"Clark's" will be appreciated by all the family, are most economical—and save the housekeeper work on every can.
The Government has given its approval to "Clark's" Pork and Beans and other good things guarantees their absolute purity.

W. CLARK, LIMITED, MONTREAL.

British Labor Will Not Act

District Branches Refused To Issue Bulletin For Referendum.
London. — Direct action proposed by British Labor's triple alliance in the form of a referendum on political subjects, is said by the Evening News to have been killed by the refusal of the transport workers' federation to take part in it. The newspaper said the federation had decided to have nothing to do with the movement and that its district branches had refused to issue ballots for the referendum.
The triple alliance is composed of the railwaymen, transport workers and miners. The alliance on July 23 decided to take a vote of its members on Labor's political demands, including conscription, Russian intervention, the release of communist prisoners, and the use of the military in labor disputes.

So Tactless.
She: Would you be very miserable if I went away for a long holiday?
He: No, darling, certainly not.
She: Oh, you wouldn't, would you? Well then I won't go.

DELICATE YOUNG GIRLS

Need New Red Blood To Give Them Health and Strength.
Does your daughter inherit a delicate organization from you? The delicate of young girls is often hereditary, or it may be caused by bad air, unsuitable food, hasty and irregular eating, insufficient outdoor exercise and not enough rest and sleep.

If comes on gradually, beginning with languor, indisposition to mental and bodily exertion, irritability and a feeling of fatigue. Later comes pallor of the face, loss of appetite, nervousness following a stooping position, frequent headaches and general weakness is present. There may be no great loss of flesh, but usually the complexion takes on a greenish-yellow pallor.
Cases of this kind, if neglected, become serious, but if taken in time there is no need to worry. The treatment is quite easy and simple. Dr. Williams' Pink Pills, which are for men, for women, or for children, are just the tonic needed to remedy the weakness of health. Though it is not noticeable, improvement actually begins with the first dose. As the blood is made rich and red, the color leaves the face, strength and activity gradually return, and if the treatment is continued until the last symptom has disappeared, the danger of a relapse is very slight.

If any slight rheumatism or neuralgia, prudence suggests that Dr. Williams' Pink Pills should be given at once and the sooner they can get these pills through any dealer in medicine, or by mail, the better. Send six boxes for 2.50 from The Dr. Williams' Medicine Co., Brockton, Mass., U.S.A.

Twenty-Five Per Cent. Wheat Cut.
Regina. — Harvesting is well advanced, according to reports received by the department of agriculture. Some districts report 90 per cent. of the wheat crop cut, while others estimate a third. It is estimated that 75 per cent. of the wheat crop of the province is cut, with 25 per cent. of the early sown cuts. Threshing will be the general before the end of the month.

Relieves Asthma at Little Expense.
Thousands of dollars have been vainly spent upon remedies for asthma, and the patient is left with a broken bank account. Dr. J. D. Kello's Asthma Remedy, despite its assurance of benefit, costs so little that it is within reach of all. It is the national remedy for asthma, far removed from the class of doubtful and experimental preparations. Your dealer can supply it.

Recover Gold From Mining Ship.
Buenos Aires, Ireland. — Gold to the worth 1,000,000 sterling have been recovered by salvagers from the wreck of the former. White-Star liner Esmeralda, which was sunk January 28, 1917, off Flood Light.

The Lauric was acting as a British auxiliary cruiser when she struck a mine off the north coast of Ireland and sank. Of a personnel of 470 only 120 were saved.

German Exactions Against Hollanders

Forced To Pay Five Years' Advance Income Tax.
Rotterdam, Holland. — Much light is thrown upon the conditions which prevail in Germany by the story related by a prominent Hollanders upon the occasion of his recent return from that country. His wife is a German, and he has considerable interests in Germany, where he remained during the war. Wishing to return to Holland, he was not permitted by the government to do so until he had paid five years' advance income tax, a security that he would return, calculated on the average yearly income tax paid during the past five years. The advance income tax paid by this Hollanders amounted to 270,000 marks.
"Sheila," he says, "are very dear in Germany, a pair that he bought for his wife costing him 500 marks. The government has placed a maximum price on foodstuffs. The large farms are controlled by the wealthy men of the country, and they have refused to sell their farm products at the government prices. Foodstuffs are now scarcer than during the war. The most obtainable has to be scraped before using, because it is so bad. Fresh meat is difficult to get, and a great amount of salt meat is used. A cake of chocolate, which could be bought in Holland for 10 cents, would cost for 15 marks in Germany."

Denkine Captures War Material.
London. — General Denkine's advance is continuing along the greater part of the southern Russian front against the offensive Bolshevik resistance, the war office announced.
Kaukasus, which was taken on July 28, yielded 11,000 prisoners, 150 machine guns and an immense amount of war material, it was added.

Will Start Indians' Home.
Port Arthur, Ont. — A supervised home for old destitute and sick Indians is being established by the Dominion government on the reserve at Grand Bay, south-west of Lake Nipigon. The home is the result of recommendations by Indian Agent Brown, who has found it a great necessity, especially since the influenza epidemic, on account of the inability of the Indians to care for themselves under attacks of tuberculosis.

Not a Loan.
Short: I say, old man, you could lend me money several times, but you always seem to look upon it as a gift.

Other Tablets Not Aspirin At All
Only Tablets Marked With "Bayer Cross" Are Aspirin
If You Don't See the "Bayer Cross" on the Tablets, You Are Not Getting Aspirin — Only Acid Imitation
Genuine "Bayer Tablets of Aspirin" are now made in Canada by a Canadian Company. — No German interest whatever, all rights being purchased from the United States Government. During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, proved safe by millions for Rheumatism, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.
Aspirin is the trade mark, registered in Canada, of Bayer Manufacturing Co., Monocaceticacid of Salicylic Acid.

Taking No Advantage.
Pat and Murphy had both fallen in love with the same woman, and the only way of settling their feud appeared to be by means of a duel.
Fistula were agreed upon — at 20 paces.
Murphy, being exceedingly stout, seemed an unfair advantage in favor of the very lean rival.
"Bead," he said, "I'm twice as big a target as he is, so I ought to stand as far away from him as he is from me."

Pat's second saw the point at once.
"That's true for ye," he moved forward. "But there's no need for ye to move further away. I'll put the matter right!"
Taking a pile of chalk from his pocket he drew two chalk lines between the stout man's back, leaving a space between them. "Now," he said, turning to the opponent, "I'll give ye a slap, and remember that any turn outside the chalk line don't count as hits."

To reach the top get some out of the rest and then climb.

100% SATISFACTORY
Germans flourish in the seams and joints of ordinary milk-pails. No matter how carefully you wash them, and no ordinary accident will do them injury. They cost no more than ordinary milk-pails. They will save you labor even and in the long run they will save you money.

EDDY'S INDURATED FIREWARE MILK PAILS
are 100 per cent sanitary, because there are no joints or seams to clean, they are made in one piece, from wood pulp, under tremendous hydraulic pressure. The hard, glazed surface is baked on at high temperature, and is absolutely impervious to liquids. Eddy's Milk Pails are practical.

Will Start Indians' Home.
Port Arthur, Ont. — A supervised home for old destitute and sick Indians is being established by the Dominion government on the reserve at Grand Bay, south-west of Lake Nipigon. The home is the result of recommendations by Indian Agent Brown, who has found it a great necessity, especially since the influenza epidemic, on account of the inability of the Indians to care for themselves under attacks of tuberculosis.

A. E. Maurer - - - Manager

Local and Personal.

Mrs. McCallum was a visitor to Calgary on Friday.

The Mayor and Mrs. H. O. Bredin are spending a short vacation at Calgary and Banff.

There will be a celebration of Holy Communion at the Anglican Church on Sunday next at 8 a.m. and Evening at 7.30 p.m.

Mrs. Gray is spending a well earned vacation at Gull Lake.

The Bear-Cats are at home to Drumheller tonight and expect to put up the fastest and snappiest game of the season.

A large number of Bassano people are taking in the delights of the Stampede at Calgary this week and it is rumored that Tom Evans and Hank Smith are going to take away some of the big money for bull dogging and broncho busting.

Congratulations to the person or persons who were responsible for the round-up and impounding of no less than seven strays in the Town Pound this week.

A little attention to the weeds and then we shall be able to invite the farmers in for our fair dates, without suffering too badly from shame at our obvious lack of co-operation with them in their ceaseless fight against the pest of noxious and obnoxious weeds.

Don't forget that your entries for the fair must be in not later than Saturday, September 15th, and that the success of your fair depends as much upon your efforts as it does upon those of your neighbors. So, when you have entered everything you have for competition, persuade your neighbour to do likewise.

Robert Black, one of this year's settlers in the Rosemary district, was in town on Monday. He speaks very optimistically of the prospects of the district and states that absolutely the best apple in the country are to be seen there.

A very large number of ratepayers attended the last meeting of the Hospital Board and found the meeting exceptionally interesting.

E. R. Muir left on Wednesday to join the 100,000 Convention of the New York Life Insurance Co. which meets at Lake Tahoe, seven other agents in Alberta qualified for the trip, E. R. ranking 8th highest. A live wire representing one of the best companies in the world is sure a hard combination to beat.

Chief Malloy attended the Fire Chiefs' Convention held in Calgary last week, paying his own expenses and gaining much useful information which the ratepayers generally will share. Somehow it doesn't seem a square deal. Fuzz got one wrinkle which alone would appear to be worth a dozen such trips.

Hello Mill! Where are you going Labor Day? To Bassano's Big Dance of course.

Dr. Bowles, who was our own Doc's locum, tenens during his vacation, has located at Cluny and will without doubt find a large practice in that district. He is a graduate of McGill and has proved to be most efficient in every way.

The War Veterans meet at Club Boathouse Sunday afternoon at 2.30. All members urged to attend.

Rev. MacDonald of Edmonton will preach at the Presbyterian Church on Sunday at 7.30 p.m.

Mrs. P. J. Barry and children returned from their extended vacation "back home" on Monday.

School reopens after the summer vacation on Tuesday September 2nd. The new teaching staff will be comprised of the following: Principal, Mr. B. F. Corderman, of Calgary; Grades V and VI, Miss Helen O'Connor, of Edmonton; Grades III and IV, Miss Lulu Bishop, of Calgary; Primary Grades, Miss Frances Strong, of Calgary.

McKen's Store will discontinue the weekly half-holiday and from now on all the departments will be open on Wednesday afternoons.

A great big time at Bassano, Monday Evening, September 1st. Be there.

Home Dressed Meats

Order Your Meat

Every Day

early so we may make arrangements for its prompt delivery. We have an especially choice shipment of chickens, prime beef and real lamb, and some very fine hams and bacon. You'll find them delicious in flavor and tenderness. And we are not asking a cent extra for the extra choiceness.
